STRATA COLLECTION 01 / 2026

Stone. Fracture. Light.

STRATA explores one architectural gesture: a solid mass of natural stone is cut, displaced or opened, and warm light appears from within.

The collection uses four spatial relationships - horizontal fracture, vertical fracture, displaced strata and embedded strata - to create one coherent product language.

STONE -> CUT -> LIGHT

- | | | |
|----|-----------------------|--------------|
| 01 | STRATA COLUMN | TABLE LAMP |
| 02 | STRATA PENDANT | PENDANT LAMP |
| 03 | STRATA FLOOR | FLOOR LAMP |
| 04 | STRATA WALL | WALL LAMP |

01. STRATA COLUMN Table Lamp

Natural stone.
Hidden light.
A new way to feel space.

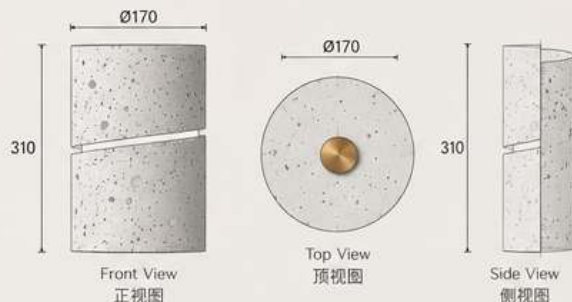

DIMENSIONS & SPECIFICATION 尺寸与规格

Size	尺寸	Ø170 × H310 mm
Material	材质	Travertine (Natural Stone) 天然洞石
Light Source	光源	LED 2700K, CRI≥90 可调光
Control	控制方式	Brass Touch Dimmer 黄铜触控调光
Finish	表面处理	Matte Natural / Honed 哑光自然 / 磨光打磨
Weight	重量	Approx. 6.8 kg 约 6.8 kg
Application	应用场景	Residential, Hotel, Retail 家居、酒店、商超

DIMENSIONS & SPECIFICATIONS 尺寸与规格

Size (灯体尺寸)	W120 × H450 mm
Canopy (底座)	Ø120 × H30 mm
Suspension (吊线)	0.5 - 2.0 m Adjustable
Material (材质)	Travertine (Natural Stone) + Aluminum Alloy
Light Source (光源)	LED 2700K, CRI≥90
Power (功率)	8 - 12 W (参考)
Control (控制)	Non-dimmable / Dimmable
Finish (表面处理)	Matte Natural / Honed
Weight (重量)	Approx. 4.5 - 6.0 kg
Application (适用场景)	Dining, Kitchen Island, Hotel, Commercial

STONE SHAPED BY LIGHT

ZHENHAO YANG

Collection 01 is ready for prototype development.

Next phase: supplier engineering review -> structural validation -> stone machining tests ->
LED / thermal tests -> electrical architecture -> prototype -> photometric review -> cost & MOQ.

All dimensions, wattages, weights, internal structures, control methods and construction details
in this concept book are preliminary design intent. Final production specifications and compliance
requirements must be confirmed by qualified engineering and manufacturing partners.
